5. **Approved: Budget for 2019/20 as attached:** Staff costs are as per the SLCC National Agreement, scale SCP19. The Burial Ground Trust is to receive £200. An additional sum was requested by the Village Hall Committee because an operating loss has been made on the year. The Community Council decided that they would like to open a discussion with the Village Hall Committee about funding during the year and will ask for a meeting to that end. The Community Council agreed to support the Village Hall Trust with a contribution of £2500 towards the playing fields maintenance and the additional discretionary £500. It was decided to link the additional sum for the village hall committee to the recycling revenue received so that the £500 would not increase the precept. This means that the potential sum for future requests may go down. All grants are discretionary. The Community Council agreed to support the Village Hall Trust with a contribution of £2500 towards the playing fields maintenance and the additional requested £500. The budget for the public conveniences was set at £4200.00, recognising the necessity of keeping the toilets open for public health reasons. The final sum of £14000 is somewhat less than last year.
